Judges: Bill Webster, Wayne Hughes, Roger Taylor

**12 Reasons Why You May Need To Find A New Hobby Besides
Photography – by Mark Smith**

1. Your kids are named Canon, Nikon, Velvia, and your dog is named Gitzo.
2. You lost more money buying and selling camera equipment than you did in your 401K.
3. After coming home from the local camera shop with your new purchase instead of talking to your wife you instinctively grab a blanket and pillow and go on the couch.
4. Instead of carrying around pictures of your family in your wallet, you carry pictures of your camera equipment.
5. A salesman from the local camera shop applies for a loan and the bank calls you to verify employment.
6. Your house started on fire and the first thing you saved was your camera equipment.
7. Your wife goes into labor and on the way to the hospital you have to stop and get a picture of the sunrise.
8. You have your Big Glass mounted over your fireplace instead of your gun.
9. You're purchases are the only thing keeping the Japanese economy afloat.
10. On your divorce papers the only thing listed under "reason for divorce" is camera equipment.
11. You have nicknamed all of your cameras and lenses.
12. In your will, at your time of death you ask to be buried with all of your camera equipment.

MESSAGE FROM THE PREZ

Hello again! We had a good turn out for the meeting on January 26th, in spite of the weather and the first competition for the New Year had some great entries. We even had a visitor! Hopefully the next competition won't have the snow and ice and everyone will be able to attend and bring a visitor. Don't forget to get your dues in for the year as soon as possible. The yearbook is going into production shortly and you don't want to be left out.

We have some great activities coming up this month: the International Salon and a Lighting and Portrait Workshop. So don't miss out!

See you next time!

.....Jack.

Metro Camera Portrait Lighting Workshop

Feb. 21, 2004 at Warr Acres
Community Center located at
4301 N. Ann Arbor. Due to road
work go to 42nd & MacArthur then go east on
42nd.

Workshop hours will be 9:00am to 2:00pm.
Our speaker will be Mike Baroli. He will be
teaching us his techniques in lighting and
posing models. There will be several
lighting setups for us to try what Mike has
taught us. There will be models to shoot we
should try to help them out with pictures for
their use.

Lets all show up and have a wonderful day
of learning and picture taking.

See you there.....Wayne
