LETTER FROM THE PREZ

I just returned from a trip to Ardmore and Wilson (west of Ardmore). The wildflowers are beautiful along the roadsides and especially in the Arbuckle Mountains. I hope they are blooming next weekend for our field trip to the Wichita Wildlife Refuge. Just a few words about the web site and our monthly online gallery. Any member can furnish pictures or slides to be displayed in the monthly gallery. We can scan slides, prints up to 8X10, or negatives up to 4X5 inches. The pictures will be displayed for two months, then removed from the site and the files erased. Once your name has been posted with a picture, it can be found by a search on Google or other search engine. Visitors to our site from all over the world view these pictures. I have received no submittals for posting in the May Gallery, so if you have pictures you would like to have posted, bring a print, slide or negative to be scanned to the next meeting, or send a digital file to webmaster@metrocameraclub.org.

Something to think about: Cameras don't take pictures, people do.

FIELD TRIP – SATURDAY, MAY 10TH

It's that time of year again! Wildflowers are blooming, wildlife are having young and the weather is turning around and becoming warm. That can only mean one thing – it's time to take our usual trip to the Wichita Wildlife Refuge just outside of Medicine Park, Oklahoma!

On May 10th we will meet at the Park Visitor Center at approximately 9:30 a.m. From there we will roam around the park in search of “non-people” things to photograph. We will eat at Meers at approximately 12:15, and after that we will go back to the park in search of that elusive “15” we all want so much. If sunsets are your thing, stay around to shoot the sunset from the top of Mount Scott – you won't be disappointed!

If you have some place you think will make a good photo opportunity, get in touch with Wayne Hughes and we will see what we can do. See ya all Saturday.
