## Categories

1. Incongruous juxtaposition - place objects together that are inconsistent with one another.
2. Hot/heat - from the weather to Chile peppers to Sophia Loren, this category can be different things to different people.
3. Centered composition - break the rule of thirds and center your subject.
4. Window - they come in all shapes and sizes.
5. Portraiture - living subjects for this category.
6. Pink - what does pink mean to you? Participation this year is \$15 to cover the cost of film and processing for the 36-exposure rolls. Shoot six frames of the six subjects above and log what subject category each frame belongs to. Please fill in your logs as you go; don't make me guess. Film is to be returned to the Treasure Hunt chair, Dennis Burian, no later than the August 22 meeting. If you wish to watch a film in the theatre, there is an additional \$6.00 fee or you can buy a combination ticket that covers the exhibits and the theatre for \$10.00.
