### THIS 'N THAT

**“FLASH! The Associated Press Covers the World”** exhibit, which includes some of the greatest photographs in history, including many Pulitzer Prize winners, is on display now through October 27<sup>th</sup> at the **SAM NOBLE MUSEUM OF NATURAL HISTORY** in Norman. This is your chance to again view the famous photograph of Marines raising the American flag at Iwo Jima, as well as other images that have become icons of historical events. For further information, call 325-4712 or visit the museum website at [www.snomnh.ou.edu](http://www.snomnh.ou.edu)

**DID YOU KNOW** getting too close to buffalos could be costly as well as dangerous? A photographer, while angling for a better view, approached too close and was gored by a bull bison in Yellowstone National Park. The man was not only injured, he faces criminal charges for harassing wildlife. That's something to think about when you visit the Wichita Mountains Wildlife Refuge!
