Ann Sherman-Ann's photography reflects a style as unique as she is. Combining the vision of an artist with the skills of a professional image maker, her prints have earned her assignments across the nation.

In 1992, she opened the doors of Ann Sherman Photography, Inc. In the last decade, her images have appeared in dozens of publications, with assignments ranging from the elegant setting of exclusive country clubs to the gritty background of desolate oil fields.

In her person time, she closets her cases of photo gear in exchange for a simple, foreign-made plastic camera. The images she she produces with the Holga camera have earned her showings at the International Photography Hall of Fame, as well as galleries in several states. Ann lives in Oklahoma City but takes assignments within walking distance or around the globe.

Mike Mueller--M.F.A. in Printmaking, University of North Texas; B.F.A. University of Oklahoma. Mike is currently a National Board Certified art teacher with Belle Isle Enterprise Middle School in Oklahoma City. In addition to his teaching activities at Belle Isle, Mike also teaches photography and Photoshop at the Oklahoma City Museum of Art.

Josh Buss--Josh grew up in an extended family of artisans. Working in his parents' woodshop and traveling to festivals exposed him to art and the creative process. After graduating college Josh spent a few years in the corporate world before pursuing a photography career. For three years he traveled the United States showing his work at art festivals and in galleries. Since 2007 Josh has worked at City Arts Center first as the darkroom manager, then instructor and now as education director. Josh lives with his wife Sherry and their two dogs in Moore, Oklahoma.

FIELD TRIP TO BEAVERS BEND

TWO DAY FIELD TRIP

OCT 23 AND OCTOBER 24

TOMMY EVANS,

FIELD TRIP CHAIRMAN

I'm planning on having people meet at the Garden Center at 8am on Saturday, Oct. 23rd so that we can drive down together. We should arrive by about 1pm

or so and we'll go eat at the restaurant inside **Beavers Bend**. Afterwards, folks can go shoot for a while or go check into their motels.

Evenings and mornings are some of the best times for taking pictures around Beavers Bend, so some folks may want to rest up after the drive and come back closer to sunset.

Most days, there's a mist over the Mountain Fork River at sunrise, so folks should plan to come back then, too.

On Sunday, we'll go north about 30 miles to the Talimena Drive and start home that way. I'm thinking we'll probably get a late lunch in McAlester.

I'll have a hand-out at the Oct. 11th meeting that will have directions and lodging options on it.

The cabin and lodge at Beavers Bend are usually full up this time of year, but there's several motels in Broken Bow and Idabel, which are just south of Beavers Bend.

JUNE RANNEY BIRTHDAY AFTERGLOW

I am still in the afterglow of my gala Big 90 birthday celebration at Metro. I would have been pleased had there been just a simple birthday cake to go along with the luscious homemade ice cream. But oh my, there were so many surprises throughout the evening – the fabulous cake with my portrait in the icing along with an actual beautifully framed portrait; all the festive helium balloons at the serving table; the carnation corsage, the numerous birthday cards and good wishes of members; the presence of several former club members; the naming of the rotunda club print display the June Ranney Gallery; the big surprise of the presence of the club's founder, John Hill and his wife (who is also named June) and his presentation to me of a Life's Membership in Metro; and then came the unbelievable Proclamation from the Governor of Oklahoma.

For certain I wish to express my thanks to all who were involved in the evening's celebration-- particularly to Linda James, coordinator, who no doubt spent hours in her expert planning and expediting of the party. Thanks also to the executive board for their OK for the event. Then there is Bill Webster who first told me of the birthday plans as being no surprise party because of the possibility of my being out of state, and also for his notifying former members of the celebration. Then my appreciation goes to Jack DeLisle for creating the great Glimpse of My Life slide show & burning CDs; to Joe Wilson for his witty commentary & pictures – (maybe except for those of me eating :), to James Heathcock for taking and processing the studio portrait, to Georgia Burrows, for the Contact Sheet writeup, to Tommy Evans for photography along with other photographers, and to former members who attended. For sure there were other members involved whose names I do not know. My thanks go to everyone. The efforts of all participating made the evening an unforgettable and memorable evening for this Ole gal.

I am just glad the committee did not cause a fire hazard by putting 90 candles on the cake!

Thank you all,

June Ranney
