WORDS TO LIVE BY

A hug is the perfect gift. One size fits all, and no one minds if you return it.

Luxuries, like children's toys, are a lot more fun if there aren't too many of them.

FIELD TRIP

Saturday, December 10 - Guthrie, Oklahoma

Metro's Field Trip Chairman, Charles Grubbs has planned another great outing.

There will be a tour of five Victorian Homes. Photos are allowed inside & outside the houses. Tickets are \$10.00 and are obtained at the Guthrie Chamber of Commerce, 212 West Oklahoma where you will receive your ticket and a map. You will travel to the homes in your own car, and perhaps join the Field Trip Chairman who will begin touring at 1:00 pm.

At 3:00 pm, all will meet for dinner at The Stables Café located on the S.W. corner Highway 33 and Division St.

The celebrated Victorian Walk is from 5:00 pm to 10:00 pm. Meet at 4:45 pm (north lot) at the Old Railroad Station on West Oklahoma.

This is a very festive event with many citizens and business people dressing in period costumes. Store windows are intriguing with live Victorian scenics that attract viewers. There is music and refreshments are available in many places.

If you have never walked the streets of Guthrie on the Victorian Walk, this would be a perfect time to do so. There are no guides or charge. You are simply on your own to explore any of the streets and shops and to find photo ops in many places.

For further information, contact Charles Grubbs
 Note: Members will not meet at the Garden Center to car pool or caravan to Guthrie.

The Lighter Side: (Continued) Photographic Terms Defined

Lowell Anson Kenyon

Every profession has its own language or jargon which is often understood only by the practitioners themselves. Photography is no exception. But with new words entering the English language daily, and the meaning of older words changing over time, a question arises: Do those of us within the profession really understand the terminology of our own discipline? To help working photographers keep pace with the current linguistic changes, we humbly offer the following definitions.

masking - Preparation before painting a car.

mirror lens - A device for taking one's own picture.

motor drive - What some auto makers give a 50,000 mile warranty for.

multigrade paper - Result of right and wrong answers on a final exam.

negative carrier - The bearer of bad news.

neutral density - The mind while asleep.

open flash - The result of dropping a strobe on concrete.

orthochromatic - An orthodontist wearing a green suit and a yellow tie.

over-development - Dolly Parton.

overexposed - A bad case of sunburn.

panning - A negative review of an exhibition.

paper grade - May vary from A to F depending upon the professor.

permanence - Death and Taxes.

photogram - A cracker with a picture on it.

photogrammetry - Photographing grandparents.

polaroid land camera - A camera especially designed to photograph land.

rangefinder - Hungry cattle.

rear projection - Derriere.

reticulation - The skin's appearance after age 90.

retouching - What must be done after having a house professionally painted.
